Alexandre Bisson, the French playwright, is said to enjoy an income of \$10,000 a year minimum from royalties, in that case royalties certainly imply possibility of a royal sum.

Miss Bertha Gallaudet, Mr. Hackent's new leading lady, is a niece of ex-Lieutenant Governor Watres of Pennsylvania. She is also related to the well known Hawley family of Connecticut.

A. H. Crane has "A Virginia Courtship," his New York success two seasons ago, in active rehearsal, and it will be used on his western tour in conjunction with "A Rich Man's Son."

## The Best Food for Infants

Nature planned that infants should have only milk for at least the first year of life. But thin milk, skimmed milk, will not nourish. It's the milk that is rich in cream, or fat, that does the work. This is because fat is positively necessary for the growing body.

### Scoll's Emulsion

contains the best fat, in the form of Cod-Liver Oil, for all delicate children.

They thrive greatly under its use. Soon they weigh more, eat more, play better and look better. It's just the right addition to their regular food.

The hypophosphites of lime and soda in it are necessary to the growth and formation of bone and teeth.

At all druggists, sec and drs.

Testimonials From Judge Gaston

CHICHESTER, Jan., 1890.—I took great pleasure in using Tingley's Matchless Mineral Water. This natural mineral water, to my personal knowledge, is taken only by those who are in the habit of frequenting the exact country in which I live. I have seen this water used, with wonderful success, for dyspepsia, indigestion, sore eyes and for eruptions, diseases, sores and ulcers, men and animals. As a remedy for the common cold, I believe its equal exists. It is highly recommended by physicians for a number of diseases.

JUDGE GASTON,  
Judge of Probate Court, Butler County,  
Alabama.
